# Feedback From Teachers & Leaders

**'I absolutely love EExAT and the fact that everything is in one place. I find that the tracker gives me clear, accurate and age-related information, I am able to easily upload observations, attach statements and build up evidence as I need to – and the parents love the Learning Journals.'**

#### **Rita Scott**

Early Years Leader  
St Marys Endowed, Norwich

**'We've decided to move everyone to EExAT so that all of our schools will be assessing against the same, informed criteria enabling us to present progress and attainment data in a uniform way. We also value that EExAT gives us the ability to moderate and work collaboratively from afar, which is crucial as time-efficiency and not adding to workload are priorities for our trust.'**

#### **Gareth Letton**

Executive Assistant Principal  
The DALP Trust,  
Nottinghamshire

**'EExAT is working really well for us. This term we launched the Parent App and the response has been unbelievable, the most parental engagement across all 215 EY families we have ever had!'**

#### **Rebecca Ozulan**

Director of Early Years  
Trinity Primary, Wolverhampton

**'In our LA all the Primary Schools use EExAT and we are finding that teachers feel much more confident with their assessments. We utilise the huge bank of EExAT film clips within our training and these have been invaluable in supporting teachers to make more accurate judgements. Our EExAT journey is truly rewarding – long may it continue!'**

#### **Julie McAllister**

Jersey LA Adviser of 18  
Primary Schools

# Find Out How EExAT Can Support You

## Why using EExAT is so valuable:

- Enhance staff knowledge with a Birth-5yrs Child Development Framework
- Develop consistency with access to over 400+ exemplification materials
- Assess children's learning on-entry and track progress throughout the EYFS
- Produce detailed pupil reports and online learning journals to celebrate achievement
- Engage even hard to reach parents with the Parent App
- Produce a wealth of cohort data to inform senior leaders and identify next steps in learning

## Baseline & Track Progress

The first assessment you make of each child is marked as their baseline, from which you can assess progress across each year to the end of the EYFS using 6 monthly developmental milestones, culminating in a EYFS Profile score.

## Assess the Whole Child

At the heart of EExAT is an expert Child Development Framework that enables accurate assessment of children's well-being, involvement, dispositions and learning across all areas of the EYFS.

### Collate Evidence & Moderate

A Mobile App to capture videos, photos and observations of children's learning provides a simple to use, on the go approach to documentation which is filtered & collated to support moderation.

The screenshot shows a 'Tracker - Miles Davis' interface. It features a grid with columns for 'Evidence', 'Moderation', and 'Reporting'. The grid contains various colored cells (green, purple, grey) representing different stages or types of evidence. At the bottom, there are four summary boxes: '76' (Evidence), '85' (Moderation), 'Whistle Clans in 7 days' (Reporting), and '112' (Total Evidence). The interface is clean and professional, with a navigation bar at the top.

### Produce Detailed Reports

A reports function enables you to produce pupil, class and cohort reports, with filtering to allow senior leaders to assess strengths and analyse gaps in learning.

### Celebrate with Parents

Online Learning Journals are a key feature of the system enabling you to produce stunning documentation to share with parents who become fully engaged and contribute through the Parent App.

# Choose The Plan to Suit Your School

Monthly Direct Debit options are available for Pre-Schools and Day Nurseries. Please enquire.
