

# Bringing the whole curriculum to life with Purple Mash

Purple Mash is an educational, creative, and inspiring tool that engages over 7,000 schools worldwide. It includes a collection of essential child-friendly, ergonomically designed tools, games and activities. These resources are for children and teachers across core subjects and other curriculum areas, fully mapped to the English, Scottish, Welsh, and Northern Irish primary curriculums.

## Supporting teachers and pupils with:

- Schemes of work for computing and spelling.
- Lesson plans, curriculum links and video tutorials across core subjects and other curriculum areas.
- Time saving tools, including: quick assignment of work via 2Dos; self-marking curriculum activities; ability to assign objectives and judgements to any piece of work; bespoke data reporting tool; curriculum maps and printable classroom resources.
- Created by experienced teachers and educationalists; perfectly aligned to your curriculum.
- A cloud-based resource which can be accessed anywhere, on any device, at any time.

## How your school will benefit:

- Increased staff confidence, promoting excellence in teaching and child outcomes.
- Wide range of resources across the curriculum.
- Reduced teacher workload.
- Reduced costs on printing worksheets.
- Fully certified CPD training session included with each annual subscription.
- Easy whole school monitoring for subject leaders.

Educational Activities

“ Purple Mash has proved to be very worthwhile for our school. It has a range of software which addresses all the key aspects of the curriculum and immediately engages the children’s interest. ”

*Liam Monaghan, Principal  
St Joseph’s Primary School, Drumquin*
