

KS1 Art: Make a Regal Crown

**What would you do if you were King or Queen for a day?
Now's your chance to find out!**

Colour the crown template and decorate it with your choice of glitter, stickers or jewels. When you've finished, cut out your new crown and use sticky tape or glue to attach the sides.

Use the jewels below to decorate your crown. Just colour them in, cut them out and stick them on!

Now you are ready to rule!

Always be careful when using scissors!
