

A new reading partnership for your school

Reading Solutions UK:

Our online programme, Reading Plus, supports good teaching first and is proven to increase fluency, stamina and comprehension.

Our purpose is to help schools to help children learn to love to read – improving their life chances along the way.

We partner with schools to instil a lifelong love of reading in children, delivering the world to them through engaging texts.

Summative baseline data, formative assessments and bespoke interventions, informs curriculum and teaching methods.

Your reading partner of choice

Reading Solutions UK is the home of Reading Plus, the only online reading programme which **develops silent reading fluency, comprehension, vocabulary, and motivation.**

As educationists, we understand the pressures of the classroom and recognise and respect the problems that our colleagues need to tackle in terms of reading results.

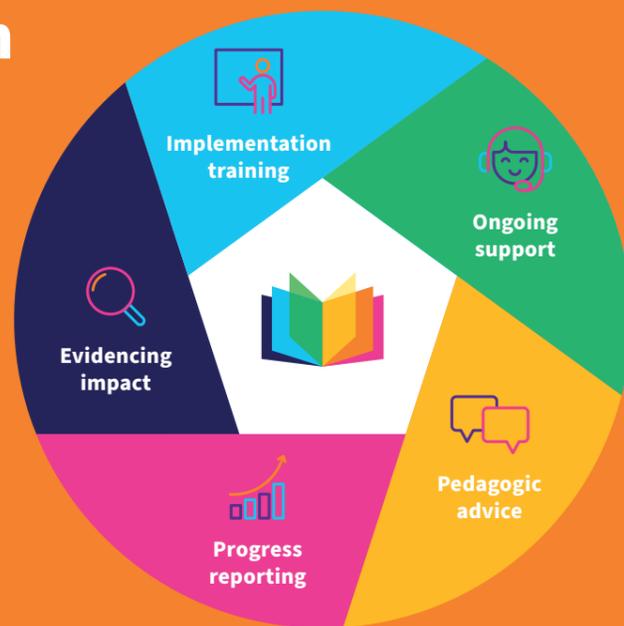

Full training and ongoing support with RSUK Partner Plus

When your school purchases a Reading Plus licence, you gain access to much more than our award-winning literacy software.

You gain the support of Partner Plus, entering into a partnership with our team of dedicated professionals who are committed to making sure you get the most out of the programme throughout your contract with us.

We'll help you implement the programme in your school, provide tailored ongoing support, training, and pedagogic advice - and be on hand during school hours to answer any questions.

What to expect from RSUK Partner Plus

Proven results

Over 800 schools in the UK use Reading Plus as a tool to teach pupils to become fluent in silent reading.

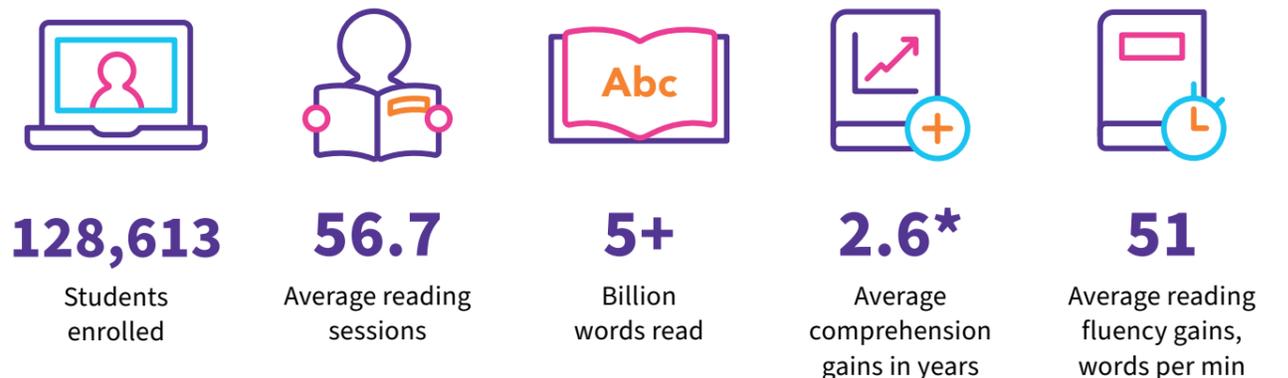

Since using Reading Plus, these schools have seen improved reading speed, vocabulary and comprehension amongst their pupils, as well as increased stamina and motivation from reluctant readers. Our customers tell us it has also aided in accelerated catch up.

In a customer survey 100% of our customers would recommend Reading Plus. They listed 'ease of use', 'engaging for students', and 'proven results' as the top three benefits.

How Reading Plus can benefit a Multi Academy Trust:

- Lower cost per pupil
- Easy implementation
- Trust-wide reporting data
- Consistent approach to reading
- Exceptional level of training and support

Progress from all Reading Plus schools across the UK from Sept 20 - Jun 21:

Try a four-week pilot

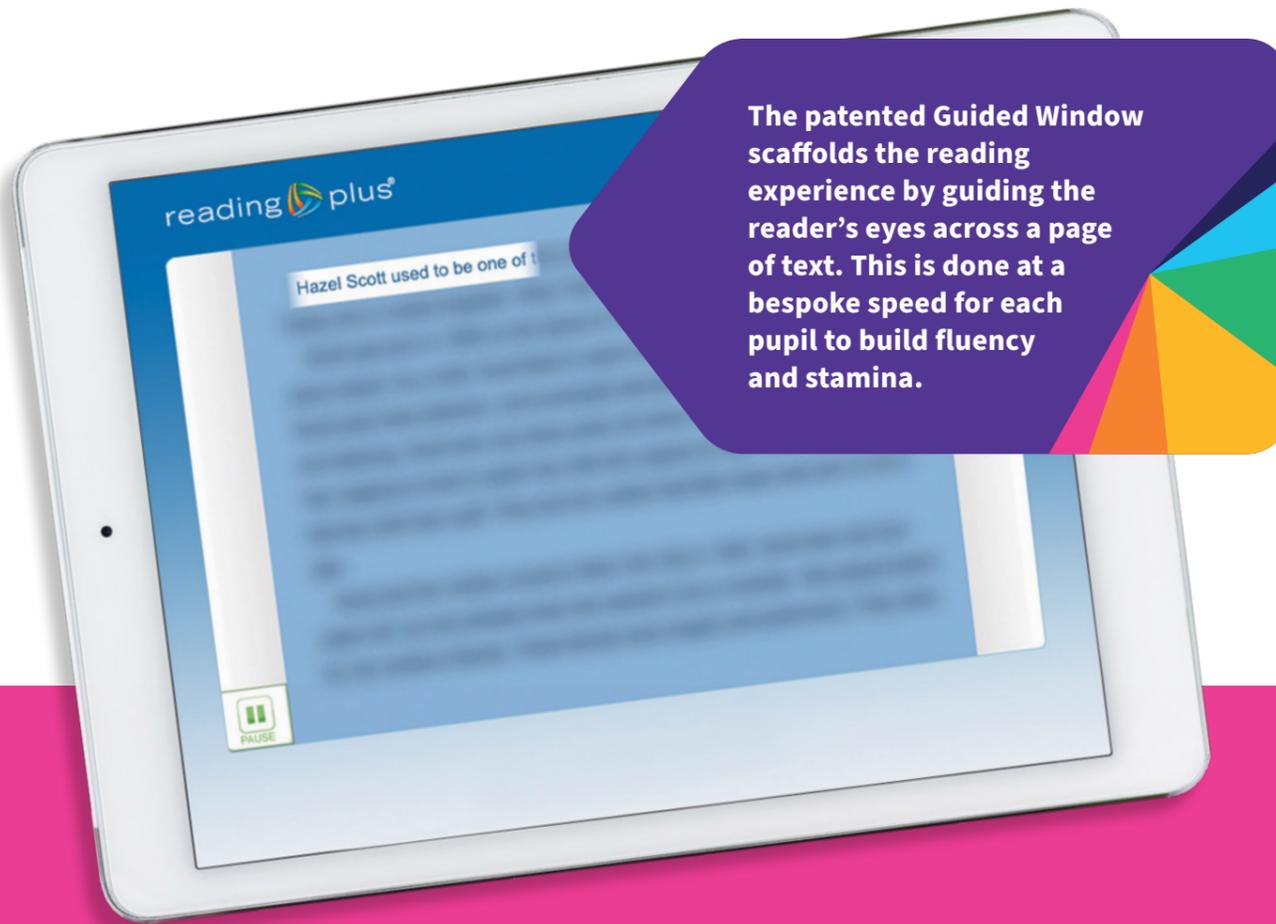

To demonstrate the impact of Reading Plus we would like to offer you a four-week pilot at no cost or obligation.

* from September 2020 – June 2021 based on average comprehension gains equated to pupils using Reading Plus for more than 10 hours.

The Reading Plus solution

Inefficient silent reading is the hidden hurdle that prevents the development of fluency, comprehension, and motivation. **Reading Plus is the only adaptive literacy tool that addresses the hidden hurdle of inefficient silent reading.**

Reading Plus is built on decades of foundational research in silent reading development, vocabulary improvement through contextual analysis, decoding practice, reading stamina, efficiency development, and comprehension improvement.

The patented Guided Window scaffolds the reading experience by guiding the reader's eyes across a page of text. This is done at a bespoke speed for each pupil to build fluency and stamina.

“

We've been using Reading Plus for students receiving literacy intervention on our three-year programme. Reading Plus is extremely easy to monitor, track and provide the support that students need and is suitable for all.

The programme is useful for targeting areas of weakness across the key stage and this can be done at a glance. We've already seen an impressive average word gain of 47 words per minute!

Linda Norma - Literacy Coordinator, The Grange Secondary School.

How it works

Reading Plus can be used in school and at home and **begins with an adaptive assessment that provides the data-driven starting point for the personalised instruction** and practice pupils need to become independent readers. Adaptive instruction is complemented by easily accessible resources that enable teachers to meet the needs of every pupil.

Adaptive Assessment

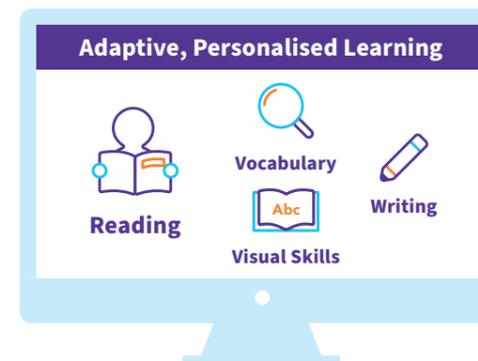

Measures efficiency, comprehension, vocabulary, and motivation.

- Diagnostic profile for each pupil
- Data-driven starting point for practice and instruction

Adaptive, Personalised Learning

Online instruction adjusts dynamically based on student need.

- Proven instructional and practice activities in vocabulary, reading comprehension, and writing
- Builds and strengthens the visual skills needed for efficiency using the patented Guided Window scaffold
- Continuous data collection to customise instructional scaffolds
- Assists pupils in developing capacity and independence
- Over 1000 levelled texts with cross-curricular links
- Promotes choice and control improving pupils motivation to read for pleasure

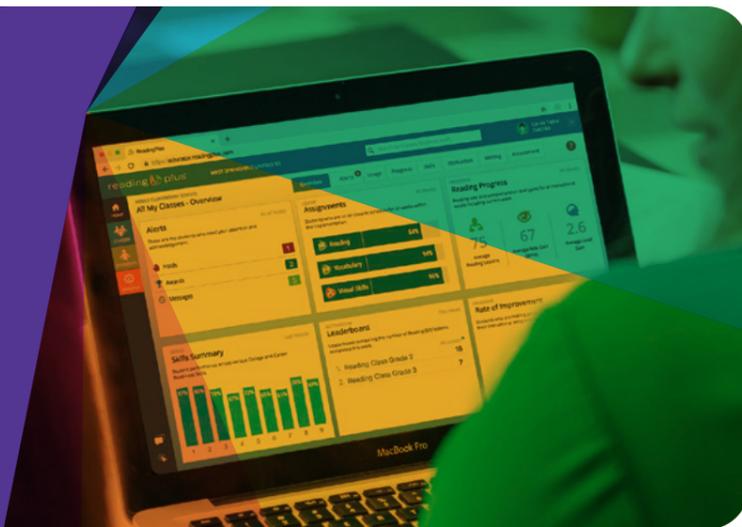

Teacher-Directed Instruction

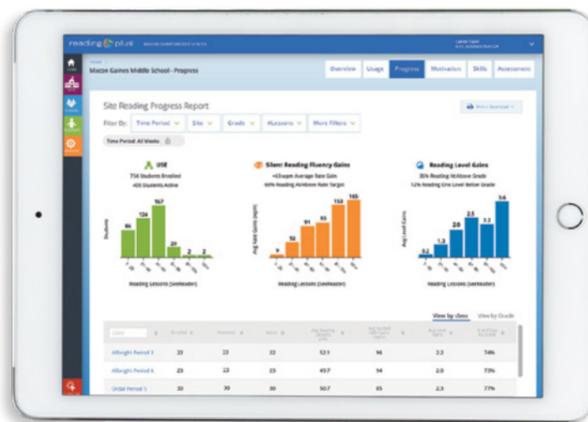

Integrated formative assessments drive differentiated instruction.

- Comprehensive online instruction and printable materials
- Tools for direct instruction and differentiation at class, small group, and individual levels

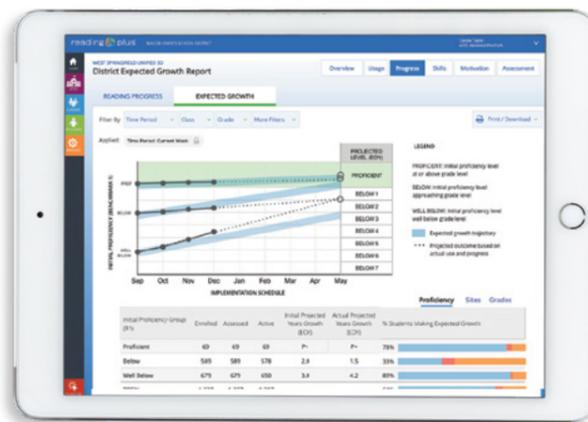

Actionable data at your fingertips

Reading Plus provides teachers with quick access to a complete suite of reports that show growth at pupil, class, and school levels. From the dashboard, leaders and teachers can access pupil and class analytics and reports that inform planning, grouping, and growth.

The Reading Progress Report makes it easy for administrators to monitor use and progress.

The Expected Growth Report helps predict pupil growth over time.

Since starting Reading Plus, two years ago, we found it simple to implement and effective in improving the reading skills of our students.

Staff and parents appreciate the intuitive interface and the helpful data that the system generates for monitoring progress.

Mr Dan Perrier - Head of LSU, Beaulieu Convent School.

Rapid results

Reading Plus is designed to **rapidly accelerate reading growth** for pupils at all reading proficiency stages.

In just 40 to 60 hours of Reading Plus use, Expected and Emerging readers make significant gains to close the achievement gap.

Exceeding pupils at age-related expectations improve proficiency and significantly increase silent reading fluency rates to master higher volumes of complex text.

Sample instructional implementations

Pupil reading level status	Typical weekly schedule	Total annual instructional time recommendation
Exceeding	2 lessons, 20-30 min each	20 hrs
Expected	3 lessons, 20-30 min each	40 hrs
Emerging	4 lessons, 20-30 min each	60 hrs

I never liked reading at primary school but since I've been using Reading Plus, I really enjoy it.

Year 7 student - Wey Valley Academy.

Reading Proficiency Growth

Based on hours of Reading Plus use

Try a four-week pilot

To demonstrate the impact of Reading Plus on fluency, reading with metacognition and reading for pleasure we would like to offer you **a four-week pilot at no cost or obligation.**

What can you expect from a Reading Plus pilot?

Our pilot is quick to implement and fully supported. It will help you experience just how simple Reading Plus is to use. It's free for your school to try – with no obligation. Here's what you can expect:

Week 1: Getting started

Staff take part in an initial training session. Pupils complete a baseline assessment and are placed at their correct reading level on Reading Plus.

Week 2: Developing readers

Pupils enjoy a selection of over 1000 engaging texts, while developing their reading fluency, vocabulary and comprehension.

Week 3: Evidencing impact

Teaching staff are trained on how to interpret data, evidence gains and provide support based on recommendations.

Week 4: Bespoke package

You meet with your Reading Development Consultant to discuss your licence requirements for Reading Plus.
