...and so much more!

Prioritising **physical activity** means helping kids reach their full physical, mental-emotional and academic potential!

We're on a mission to help schools close the **gap** between fitness and academic success.

Why Hey Kanga

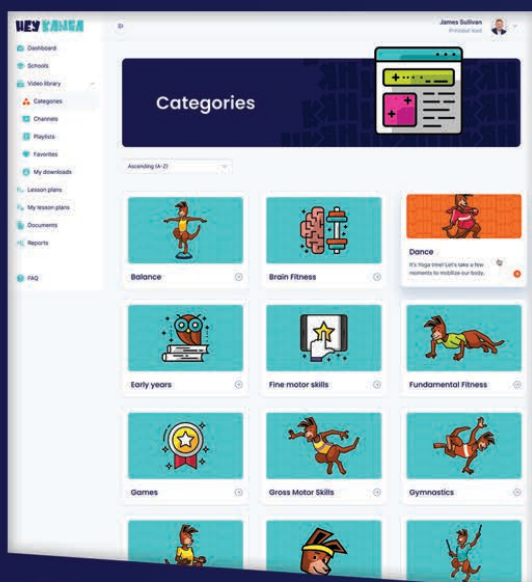

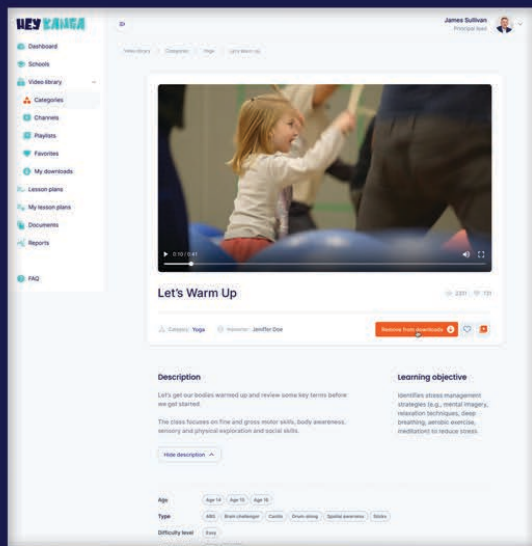

Compelling evidence shows that the **physical and emotional well-being** of students has a direct impact on their ability to **achieve academically**.

Active children let teachers spend up to 21% less time managing behaviour.

Mindfulness interventions are shown to reduce stress, anxiety, improve sleep, self-esteem, and bring about greater calmness, relaxation, the ability to manage behaviour and emotions, self-awareness and empathy.
