

Make Any Space a Learning Space

Transform any space with a screen into a dynamic and collaborative learning environment.

Make Any Space a Learning Space

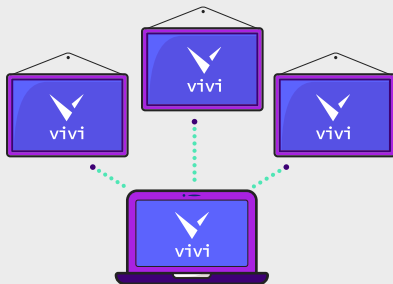

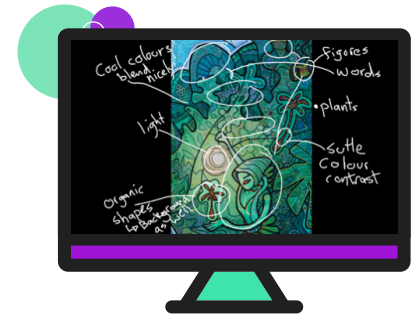

Foster Dynamic & Collaborative Learning Spaces

With Vivi, teachers can easily deliver content to any display, from any device, to actively engage students and increase collaboration in the classroom.

Easily Support Student Engagement & Wellbeing

Empower students to have an active role in their learning with tools such as virtual whiteboard, seamless screen sharing, screenshot, annotate and more! Teachers can quickly and discreetly collect feedback on topic understanding and student's emotional wellbeing with real-time emoji polls.

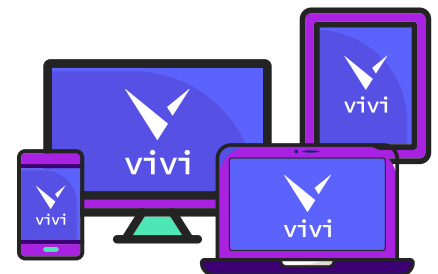

Streamlined Digital Signage Schoolwide

Vivi's simple and reliable wireless digital signage solution turns any display into a school-wide communication tool.

Maximise ROI on Current Classroom Technology

Vivi is compatible with all devices and operating systems, allowing teachers, students, administrators and IT professionals the ability to maximise the ROI of their existing technology stack.

Join more than 60,000 classrooms that are driving student engagement and communication by turning every space into a collaborative learning environment with Vivi.
